Congressional Broadband Tour Day Trip to West Virginia

April 13, 2018

**12. Briefly describe the role of each sponsor in organizing and conducting the trip:**

FRS is the sole sponsor of the trip and will make all arrangements for travel (transportation and meals) and will incur all expenses. As a foundation, FRS receives donations from many different companies and individuals that make its programs possible. Some funding is given specifically for educational awareness activities and programming. It is up to FRS to decide how to use this funding—and we have done so for telehealth summits, broadband 101s and this trip, for example, all education on rural issues as per our mission—and there has been no direct, nor indirect, requirements on how to use our funding beyond for educational awareness on rural issues (as established in our mission). No funding provided to FRS by any of its donors or contributors has been earmarked for this specific trip.

FOUNDATION FOR  
RURAL SERVICE

## **Itinerary for FRS Congressional Broadband Day Trip to West Virginia** *April 13, 2018*

The Foundation for Rural Service (FRS) is a 501c3 non-profit dedicated to enhancing quality of life in America by promoting a better understanding of rural issues. The vision of FRS is to harness the power of the rural communications industry to enrich lives in America.

The purpose of this trip is to educate Hill staff on the geographic and financial challenges of providing robust broadband service to remote rural areas, as well as to highlight the role rural telecom companies play in providing these essential services that support education, agriculture, health, and public safety. Attendees will visit Hardy Telecommunications, a small, rural telecommunications cooperative in West Virginia. The group will also visit with rural community leaders and discuss ways in which the state has been enhanced by broadband applications. Drive times through West Virginia will give FRS staff an opportunity to provide educational sessions on the bus, as well as illustrate the difficulty of serving “last mile” areas in a highly rural state.

Per the Ethics rules, no registered lobbyists will attend this trip. All expenses will be paid in full by the Foundation for Rural Service (FRS) and will be subject to the daily per diem allowances for Senate and House employees—in other words, all meals and transportation for staffers will be covered by FRS within these allowance rates.

### **Friday, April 13, 2018**

**7:00—7:30 a.m.** Meet to board the bus (*Rayburn House Office Building*). Coffee and bagels will be provided.

**7:30—9:30 a.m.** Drive from Washington, DC (*Rayburn House Office Building*) to Hardy Telecommunications (*2255 Kimseys Run Road, Lost River, WV*).

- **8:00—9:00 a.m.** Mr. Brian Ford (Senior Regulatory Counsel, NTCA—The Rural Broadband Association) will give staffers an overview of rural broadband history in the U.S., including a regulatory overview, an explanation of the development of the Universal Service Fund and answer any questions the staffers might have.

**9:30—10:30 a.m.** Arrive at Hardy Telecommunications (*2255 Kimseys Run Road, Lost River, WV*) and Participate in “Welcome to West Virginia” discussion. Hardy Telecom staff, including Mr. Scott Sherman (CEO) and Mr. Derek Barr (Director of Customer Service), will provide a presentation for staff, including an introduction to the state’s history of broadband buildout, the

unique challenges that the development of telecommunications services has faced in the state, and regulatory updates unique to the company and state.

**10:30—11:00 a.m.** Mr. Derek Barr (Director of Customer Service, Hardy Telecom) will lead staffers on a tour of the Central Office of Hardy Telecom to see their Central Office, the company's switch and hear from staff members on the technical components of the network.

**11:00—11:45 a.m.** Drive to Moorefield, W.Va. for Lunch Roundtable (*Rural Development Authority; 223 N. Main Street #102, Moorefield, WV*)

**11:45—1:15 pm.** Lunch Roundtable with Hardy County Community Leaders (*Rural Development Authority; 223 N. Main Street #102, Moorefield, WV*)

Staffers will be joined by community leaders representing local government, rural development, industry, education, public safety, and other areas to hear about how collaborations have led to successful broadband projects, and the many ways Hardy County is benefiting from a modern broadband network. Also discussed will be the unique position that NTCA member Hardy Telecom, a non-profit cooperative, holds in the community in terms of keeping the county competitive with surrounding counties that don't have a similar provider. Lunch will be made by the local Future Farmers of America (FFA) chapter, who regularly make meals for different community events and fundraisers, including the annual Rural Development Authority holiday dinner. The cost of the meal for the staffers will be fully covered by FRS and will be under the federal per diem.

Present at the meeting will be:

- Mr. Roy Harper, Chair of the Hardy County Rural Development Authority (Mr. Harper is also a local Future Farmers of America (FFA) teacher and his students will be preparing the meal for the staffers, at full cost to FRS);
- Mr. Harold Michael, Member of the Hardy County Commission;
- Mr. Steve Reckart, Chief of Police for Moorefield, who will discuss the use of broadband by law enforcement and public safety officials in the area;
- Ms. Elizabeth Pennell, President of ASC Services LLC, a transcription company that provides transcripts of government meetings that is based in Hardy County only because of the broadband that is available;
- Ms. Briana LaVorgna, dean of Community Engagement and Partnerships for Eastern West Virginia Community and Technical College, who will discuss the opportunities provided for local students through Hardy Telecom's broadband services and community service;
- Hardy Telecom's Mr. Derek Barr (Director of Customer Service) and Ms. Heather Robbins (Business Development Representative) will also join.

**1:15—1:45 p.m.** Drive to Smoke Hole Caverns in Grant County (*8290 N. Fork Hwy Cabins, WV 26855*).

**1:45—2:15 p.m.** Staffers will participate in a "Walk and Talk" tour through Smoke Hole Caverns to give context to the conversation they will later have with Ms. Jill Hendrick, the owner

of Smoke Hole Caverns and Log Cabin Resort, which operates the Caverns as well as log cabins and is a source of economic development for the small, rural Appalachian community in Grant County. On the “Walk and Talk,” staffers will be accompanied by Mr. Derek Barr (Director of Customer Service, Hardy Telecom) as well as an employee of Smoke Hole Caverns (to be assigned on the day-of by the Caverns). Both will provide a background of the area’s many geographical challenges to providing broadband service, including a description of the thick rock deposits that make it very difficult to provide either wireless or wired broadband.

**2:15—3:00 p.m.** After a short tour of the Caverns, staffers will meet with Ms. Jill Hendrick, the owner of Smoke Hole Caverns and Log Cabin Resort, a local small business that struggles with access to an adequate broadband connection. Ms. Hendrick will share her experience working to provide her business and community with broadband and how the lack of adequate broadband adversely affects her business.

**3:00—3:15 p.m.** Drive to Local 911 Call Center/Data Center in Grant County (*155 Technology Lane, Petersburg, WV*)

**3:15—4:00 p.m.** Staffers will visit the Grant County 911 Center in the Grant County Industrial Park (*155 Technology Lane, Petersburg, WV*). The group will be met by Ms. Tammy Kitzmiller (Executive Director of the Grant County Development Authority), to hear about how an ongoing broadband project with Hardy Telecom will greatly enhance the emergency safety operations at the center, and how the broadband connection with the adjoining Data Center will bring new business opportunities to Grant County.

**4:00—6:00 p.m.** Tour ends, staffers drive back to Washington, DC (*Drop off at Rayburn House Office Building*).

- **4:30—5:30 p.m.** Mr. Brian Ford (Senior Regulatory Counsel, NTCA—The Rural Broadband Association) and Ms. Jessica Golden (Executive Director, Foundation for Rural Service) will host a wrap-up discussion on the bus to answer any questions the staffers might have, the current and future barriers to broadband access in rural America and collaboration with community partners to make access to telecommunications services possible.
